Report on Soft Skills & Personality Development Programme

Soft Skill & Personality Development programme was conducted from **August 13, 2018 to August 28, 2018** in the duration of **9.00 am to 10.00 am. Fifty one** students were a part of this workshop. It started on a positive note focusing solely on soft skills that are essentially people skills—the non- technical, intangible, personality-specific skills that determine one's strengths as a leader, speaker, listener, negotiator and conflict mediator. It means skills related to human attitude, team work, leadership qualities, over all human nature enhancements. There is an axiom in business circles which suggests '' Hard skills will get a person an interview, but soft skills will land that person a job'' Thus, an applicant with years of education and experience in the field might have the hard skills necessary to fill the position, but lack of soft skills such as leadership ability or self-motivation will not allow one to accomplish the task in the desired manner. Various activities were conducted that raised topics such as leadership, motivation, communication, trustworthiness, creativity, etc.
This workshop helped the students to learn and understand the importance of soft skills their daily lives which leads them to the enhancement in their personality.

SUMMARY REPORT
A.Y. 2017-18

Express Excellent English Programme

The Department of English organised an Add Course titled "Express Excellent English" for the students of Pillai HOC College of Arts, Science & Commerce from August 08, 2017 to October 18, 2017. The aim of the course was to help the students improve their communication skills. A notice was circulated two weeks prior to the commencement of the course. Fifty six students from various programmes registered and attended the course. Faculty members from the department of English took 30 sessions and sessions adhering to the modules prepared by the Modules Design Team. The entire course was enriched with Group Discussions, Role Plays and Quizzes. Apart from the session assignments and tasks, a final assessment session was also conducted after completing 30 regular sessions. Certificates were given to students based on their performance in the assessment test.

Report on Soft Skills Development Workshop

Soft Skill Development workshop was conducted from **August 07, 2017 to August 18, 2017**
in the duration of **9.00 am to 10.00 am. Forty-five** students were a part of this workshop. It started on a positive note focusing solely on soft skills that are essentially people skills—the non- technical, intangible, personality-specific skills that determine one's strengths as a leader, speaker, listener, negotiator and conflict mediator. It means skills related to human attitude, team work, leadership qualities, over all human nature enhancements. There is an axiom in business circles which suggests '' Hard skills will get a person an interview, but soft skills will land that person a job'' Thus, an applicant with years of education and experience in the field might have the hard skills necessary to fill the position, but lack of soft skills such as leadership ability or self-motivation will not allow one to accomplish the task in the desired manner. Various activities were conducted that raised topics such as leadership, motivation, communication, trustworthiness, creativity, etc.
This workshop helped the students to learn and understand the importance of soft skills their daily lives which leads them to the enhancement in their personality.
