## REPORT ON PLAY AND LEARN(PADHO AUR BADHO)

Date :- 24<sup>th</sup> July,2018

Time:- Saturday and Sunday

Venue:- Group Gram Panchayat ,Gulsundhe

Organized by:- NSS Unit

With a mission of **Sarv Siksha Abhiyan** to spark children learning through play. While recognizing that children learn in many ways, the NSS Unit focuses on the learning that occurs through child- centered play. Play may seem simple, yet it is profound to a child development which makes learning joyfully and naturally.

Our 210 NSS Volunteers along with college students and with 2 teachers visit adopted village, Gulsundhe every Saturday and Sunday to teach English through play and child development into interactive learning environment through its exhibits and programs. The daily interactions and experiences you share with the children is how they learn about the world around them. Play is a powerful and important activity. It has a natural and positive influence on children social, physical, emotional and cognitive development. The best learning happens when children play. It is important to let your children play every day. A play-based learning with Yoga encourages talking, reading, thinking and writing. Through this, your child sees literacy and numeracy as part of their everyday experience.

Play along with them and you will be amazed at what you can learn together.

## REPORT ON Youth DAY and AIDS AWARENESS WORKSHOP

## REPORT ON UNNAT BHARAT ABHIYAN

Date:-December 29<sup>th</sup>, 2018

Time:-2:30 p.m.-6:30.p.m.

Venue:-Majgoan Gram Sabha

Organised by:-PHCASC NSS Unit

.The NSS Unit of Pillai HOC College of Arts, science and Commerce,Rasayani had an active participation in Anti-Plastic Campaign under **Unnat Bharat Abhiyan**. The anti-plastic campaign has been formulated to build the capacity of Majgoan communities about the various effects of plastic waste on their ecosystem under the banner of UBA. This project was developed due to the acclimatized usage and habitual inappropriate disposal of polythene bags and other plastic items by community dwellers in Majgoan communities in and around.

Despite the sensitivity of the ecosystem Majgoan and its inhabitants find themselves in, inappropriate waste disposal is a habit of the community. Upon visiting the village, plastic waste, especially used polythene bags, were found in and around houses in the community. The anti-plastic campaign and community capacity building event brought together 30 volunteers – a mix up of students (youth) and adults who have interest in environmental advocacy.

At this point, volunteers were equipped with all the knowledge they had spoken against the excessive use of plastics and proper disposal of its resulting waste.

**Mahatma Education Society's**  
**Pillai HOC College of Arts, Science and Commerce**  
**Rasayani**

**Report on Disposal of Waste**

**Under the Government of Maharashtra Environment Department Scheme** Waste accumulation affects the environment as hazardous substances, increases toxicity and ways in which the waste reticulates in air and water, causing serious harm to humans and other life. Apart from solid natural waste, there are other types of man-made wastes that are more hazardous to the environment. Cell phone made of lead, mercury and plastic and so many millions of them get thrown as garbage. As the problem of waste accumulation reaches threatening proportions, a worldwide effort is on to control waste and to manage it. Many countries and individual towns are making an effort in their own way to manage waste. Realising the importance to address this issue, a seminar was organised on “Disposal of Waste - Negative Implications on Environment and Remedial Measures”. The invited speaker was Mr. Ganesh Kadu, founder and Chairperson, Shree Siddhivinayak Social Sanstha, Raigad who has initiated ‘zero garbage campaign’ under the NGO he runs. Pillai HOC college of Arts, Science and Commerce help the above programme on 19 August, 2018

Mr. Kadu pointed out the importance on segregation of wastes which is the primary step in waste management. He explained the difference between wet and dry waste, rather degradable and non-degradable wastes and their impacts on environment. The seminar generated great interest among the students. The discussion after the session was active and response of the students were very evident. Many students expressed their willingness to participate in his project on waste management and even planned a street play based on this issue to create awareness among the people. The seminar was interesting, educative and thought-provoking and the students clearly benefitted from the event.
