Number of participants benefitted:-	All the students and Faculty members shared the banner to raise awareness.(500 aprox)
Report:-	Youth Red Cross Society conducted an awareness campaign on Blood Donation Drive taking into consideration the importance of blood donation during this Coronavirus pandemic situation, where there is a less inclination on the part of people to donate blood. At this hour of crisis, one needs to

	<p>remind oneself the importance of solidarity and generosity. A small gesture like donating blood can make a big difference to the life of people.</p> <p>As of May 1, 2021 onwards, all citizens who fall under the age group of 18-45 years were to be vaccinated and as per the rule, a vaccinated person cannot donate blood for at least 2 months. This may create a major crisis in blood banks as the majority of blood donors are in the age group of 18-45 years. Thus to avoid this situation, this drive was initiated to urge the citizens to donate blood before getting covid vaccine shot.</p> <p>In all around 46 people had registered for the donation drive.</p> <p>We thank our student participants for their overwhelming responses and active participation.</p>

Greetings!!

Youth Red Cross Society, Institutional Social Responsibility Cell and NSS unit of Mahatma Education Society's Pillai HOC College of Arts, Science and Commerce, Rasayani has taken responsibility to spread awareness among youth to come forward and donate the life saving fluid BLOOD!

We all know that from May 1, 2021 India will enter in third phase of vaccination and as per the rule a vaccinated person can not donate blood for at least two months. This may create a major crisis in blood banks because the majority of blood donors are in 18-45 age group. Hence we request every citizen to donate blood before getting the vaccine shots.

We request all students and faculty members to spread this message and flyer on whatsapp status, and social media accounts to make this awareness drive successful.

Thanks and Regards,
Youth Red Cross Society, ISR Cell & NSS Unit,
PHCASC.
