Everything ok

No suggestions all was good

Excellent

1. Teachers come well prepared but sometimes make some syntactical or grammatical errors when writing on blackboard when they are teaching or giving notes to students which I find an important issue to be taken care of by teachers.

2. Some teachers whilst giving notes or teaching pronounce some words incorrectly which needs to be taken care of by teachers.

3. Teachers sometimes force particular students to participate in non-academic activities which should not be the case.

1. Understand students

2 Please teacher teach in Easy words

College and teachers teach good

Well

1. Teachers to be involved with students in media studies subjects and teach them through work experience instead of teaching textual lectures only

2. internship promotion should be done thoroughly for students who wants to grab opportunities

.....

Suggestions

1. All teachers have to observe on students talent
2. all teachers are not helpful in the overall growth of students, they have to motivate students to participate do there tasks
3. Teacher doesn't identy the strength and weakness of the students, they have to observe it and improve it

It was good learning experience

Teaching can be more effective...

Some teachers are simply the best....

But some needs to improve their teaching skills in order to promote education..

1. Make teaching a two way interaction.
2. Try to reach every student and ask for their doubts.
3. Proper facilities with great guidance. Good Learning experience Nothing, all good.

Cover syllabus before exams so that students can get time for revisions

Teaching and Learning experience in your institution is very better.

Learning experience in institution is good. Syllabus of 2 subjects is not completed yet

All is good

- The faculty is invested in assuring that every student understands the concepts that are being taught.
- The professors put in efforts to mould their teaching manner according to the needs of the

student.

• A study leave should be granted for at least 4 days before the semester exam begins

- 1) More and deep information about topic to be taught.
- 2) More use of audio-visual medias and ppt's.
