FEEDBACK ON SYLLABUS AND ITS TRANSACTION

Pillai HOC College of Arts, Science & Commerce, Rasayani has a well-structured feedback mechanism which involves major stakeholders such as students, teachers, alumni and employers. The institution obtains feedback from all the above mentioned stakeholders to improve the quality of teaching learning process. The college is affiliated to University of Mumbai and follows the curriculum prescribed by the board of studies for all programmes.

Institution believes in understanding stakeholders, considering their views and opinions for holistic development of the organization. The Principal and IQAC have developed a formal practice to gather feedback and implement relevant suggestions after analysis of the same. The feedback questionnaire is designed considering the needs of the students, demands and latest trends of industry and present mode of teaching-learning methodology.

The feedback is collected in online mode using Google forms or Moodle as a part of curriculum enrichment process.

Process of Feedback:

- **Students:** The feedback from students is collected at the end of each academic year.
- **Teachers:** An annual feedback is taken from teachers which is helpful for the overall development of the institution.
- **Alumni:** Alumni feedback is collected during alumni meet or by sharing Google forms in official Whatsapp groups of alumni by the respective programme coordinators. It is also collected whenever an alumnus/alumna visits the college.
- **Employers:** Feedback is taken by sharing Google forms to those employers/organisations where our alumni are placed to analyse if the curriculum standards match the requirements for employment.

Every stakeholder's feedback collected is analysed by IQAC. Based on all these suggestions, actions are taken by the authorities concerned. The reports are made on the action taken to address the suggestions of stakeholders. Those suggestions which are relevant to enrich

quality of teaching learning process are implemented as per the instructions from the Principal, IQAC and management.

The suggestions from the feedback help to identify the limitations in curriculum and implement measures to bridge it by supplementing the curriculum with add on courses, guest lectures, workshops, seminars, industrial visits, experiential learning etc.

Suggestions with regard to curriculum revision are communicated to the respective Board of Studies of University of Mumbai. The analysis of feedback is carried out on a 5-point scale (sample of one programme/course).

Good Experience

good

All Good

Totally biased grading system (teachers favourite type system)

Some professors are very good professional

But others behave like goons of the department(just bcuz they have the authority to grade)

Students with close contacts with the teachers will get high marks in practicals,journals and projects even if they themselves don't know their project whereas others will get the low marks required for passing.

Good college and faculty.

Thanks to all faculties for the valuable knowledge and information. It really helps in our day to day life.

Overall experience is good

College provide us lots of facilities as well as opportunities

I think they should provide us some practical knowlege through practical work and actual business field feel. Like office employee.

Learning with all the facility memeber was amazing and also joy full

Every faculty member is a good guider and explainer but Teaching should be in a innovative manner in each subject.

It's very helpful for student

Best year ever

Great experience!

Overall course was good

Faculty Members are nice and also explain the subjects properly and also there are activities held in college are good

University can provide sum additional course for degree students and others knowledge

I have great experience studying here.

The teaching method is fine. And teachers are also supportive.

Second year is going to complete in well . I participated in many cultural activities and also teaching staff help me more to participate and in studies too.

Teaching is good

During exams there should be holidays in between each paper minimum 1 to maximum 2 days
...so average students also get time to cover whole syllabus before exam and thus numbers of
ATKT students would drop immediately. Higher authority should consider this as it is a big
issue for the students. Warm regards!♥
