The team could notice the overall development that happened in the kids after the first visit took place last year. Our volunteers taught them the basics of various art forms, dance, storytelling and dance. It was a cherishing, mirthful and worth remembering moment as we could see the same expressions</p>

on the kids' faces when the outreach activity culminated with a gleeful note.

Beyond organising an 'Outreach programme' in 2023, it was an attempt to review and retrospect what we did in 2022.
