<p>Report:-</p>	<p>"You are more powerful than you know, you are beautiful just as you are" — Melisa Etheridge</p> <p>The Soroptimist Welfare Association (SWA) and the Women Development Cell (WDC) of Pillai HOC College of Arts, Science and Commerce, Rasayani jointly organised a workshop titled "Exploring Mental Health of Females" on March 11, 2024 on the occasion of International Women's Day. The resource person for this event was Ms. Bushra Ansari (Assistant Professor, Motivational Speaker, Soft Skills Trainer). This workshop was a fun and interactive attempt at discussing the factors resulting in stress. This workshop was joined by both faculty members and students. It focused on societal pressures affecting women's mental health in order to stand up to societal expectations, which leads to unnecessary stress. The workshop began with understanding that "Learning" is a combination of the 3A's (Attendance, Attention, Absorption). It also compelled the participants in exploring their identities and personalities, further suggesting that we all have a kid, a teenager and an adult inside us. And how each one of us suppresses their needs and desires based on where and who we are with. It also dwelled in the realms of first impression and expression and how one focuses on others perceptions and that can hamper their thought processes and mental well being. It puts a spotlight on how one can become a great individual when they refrain from doubting their abilities. Lastly the workshop addressed crisis management with 3Ps (Patience, Positivity, Problem Solving), feeling confident and satisfied with oneself. The session was interactive and encouraged all the members to acknowledge themselves for their abilities without succumbing to societal pressures and expectations. The session aligned with goal three (Good Health and Well-being) of the UN's Sustainable Development Goals.</p>

Report:-	The Institution Social Responsibility Cell in association with the IQAC of Pillai HOC College of Arts, Science and Commerce had organised a visit to Karuneshwar Old Age Home in Waje taluka on 23rd October 2023 at 11 am. The lead teachers were Asst. Professors Dr Sulochana, Ms Rachana and Mr Priyesh. There were around 20 students too who attended the old age home. The old age home housed around 50 people, who were from different strata of society. Their enthusiasm and

good hearted spirit overwhelmed the onlookers. One could see the sparkle in their eyes when they saw someone was visiting them and ready to spend their time with them. The students enthusiastically participated in this event. Some played garbha to entertain them. This was indeed a great experience one could have fetched in their entire life. There were some goods in the form of sugar, detergent, apples and dry fruits given to them. At the outset the committee acknowledges the teaching fraternity who helped monetarily to make this process happen. This was a very small initiative that the committee took to encourage the young minds to tilt towards the benevolent act of servitude towards society. The committee promises to come up with more such activities in the near future too.
