BRIDGE COURSE REPORT

2022 – 23

About College:

Pillai HOC College of Arts, Science and Commerce, Rasayani was established in the year 2008 by Dr. K.M. Vasudevan Pillai, Chairman and CEO, MES whose vision was to provide students of Rasayani with quality education in a high-tech atmosphere. It started off with just a handful of students, but today it has grown to a full-fledged Bachelor's College with ten disciplines, i.e.

B.A (Specialization-English, History, Economics), B.A. (Mass Media & Communication), B.Com. (Regular), B.Com (Accounting & Finance), B.M.S., B.Sc. (Computer Science) and B.Sc. (Information Technology), B.Sc. (Specialization-Physics, Chemistry, Mathematics, Biology) Master of Commerce in Accountancy (M.Com.), Master of Science in Information Technology (M.Sc. I.T.).

Another salient feature is that even the classrooms are internationally designed for the teacher to co-ordinate with the students easily and efficiently. The college is located in Pillai HOCL Educational Campus at Rasayani in a multidimensional education campus which is surrounded by lush natural beauty and which has state-of-the-art infrastructure providing the right environment for learning.

Principal:

Dr. Lata Menon

In a safe and caring environment, we inspire and prepare young people to achieve their potential. Our college educates the whole mind, body and spirit of a student. We focus on each student's needs and talents. Our college conducts a short intensive Bridge Course for the First Year Students as soon as the semester commences. Students having minimal or no background of the subject/s offered in their course are aided by our teachers to bridge the gap between their previous knowledge base and the required current knowledge base. The students are identified those who did not have a previous background and (or) found the subject difficult to comprehend. The objective of the course is to analyze their level of understanding of the subject before the start of the curriculum and bridge the gap by enhancing their knowledge and bring them on par with the other students of their class.

We recognize that all of our students have different talents and we strive to ensure that every student has an equal opportunity to find and develop the talents they possess. They are challenged in the classroom by pushing them to think beyond the obvious.

Evaluation Report

- Students learn about Sentence formation, correct grammatical structure of the language.
- They can recognize the deviation in sentence structure.
- They learn to use the Parts of the speech accurately.
- They are able to adapt transactional and functional English.
- It helps them to build Vocabulary and improve their basic communication in English.

Overall Overview of the Course

Reflections on the course implementation and results

Course strengths

- Overall, classes and interactions with teachers were appreciated.
- According to student feedback, course structure worked well this year.

Course weaknesses

The Lecture method used by the teachers made the lectures monotonous and therefore faculties had to incorporate active learning strategies for better reception of the content.

Course Overview

The Bridge Courses Classes were taken in respective classroom. It helped to build a rapport with students and was a good start for the new academic year for the freshers. It further enabled them to grasp different perspectives of college education.
